Oncology Data & Cancer Registry Services

Cancer Registry Abstracting (Backlog and Concurrent)

Trying to meet facility reporting requirements have become extremely difficult, with mounting responsibilities, limited staff as well as keeping up with the changes in data collections from time to time, has made timely cases abstraction almost impossible. H.I.M. ON CALL, Inc. is committed to providing quality case abstraction in accordance to your facility's State and CoC data requirements. We are aware that time is of the utmost concern, therefore, H.I.M. ON CALL, Inc. will assess your backlog or current abstracting needs and develop a plan to staff your registry with an adequate number of registrars to complete your backlog in half the time. If interested in volume abstracting in half the cost of onsite case abstraction, we offer Remote cancer registry case abstraction.

Case Finding

Is your cancer registry staff spending countless hours reviewing path reports, medical record reports and treatment notes for applicable cases? H.I.M. ON CALL, Inc. can help increase your registry's staff productivity by doing the work for you. Trained staff will review all case-finding mechanisms and offer feedback on whether current methods are effective and illustrate what areas need improvement.

CoC - ACoS Survey Preparation

H.I.M. ON CALL, Inc. can assist programs with interpretation of American College of Surgeons (ACoS) program standards in preparation of your ACoS Survey review. H.I.M. ON CALL, Inc. will review your cancer program in accordance with program guidelines and provide a report of your program's standing. H.I.M. ON CALL, Inc. can provide directions in improving those areas that may not be compliant with program standards.

ACoS Consultation Survey

In addition to assisting programs in preparation for the ACoS Survey, H.I.M. ON CALL, Inc. can perform a Consultation Survey review before your survey date. H.I.M. ON CALL, Inc. trained staff will review your cancer program in accordance with CoC-ACoS program requirements. We will meet with the core members of the facility cancer program members to discuss their individual responsibilities to the program. After review, our consultant will meet with administration and the cancer committee to discuss the program's strengths and weaknesses prior to your scheduled survey.

Follow-Up Services

Calling patients, running monthly reports, reviewing social security website, yellow pages and all other follow-up procedures have become a tremendous chore for cancer registries that are understaffed. H.I.M. ON CALL, Inc. experienced registrars will assist your staff in handling the arduous tasks of maintaining or achieving your follow-up rate without the stress. Tell us what your concerns are and we will do the rest.

Interim Management and Cancer Registry Outsourcing

H.I.M. ON CALL, Inc. trained certified tumor registrars (CTR) can provide interim management assistance to hospital registries that may experience staffing issues due to maternity leave, illness, etc. Our registrars are trained and assumed all levels of management and support staff responsibilities during their years of service as CTRs. H.I.M. ON CALL, Inc. will review your registry daily operations, to ensure that we fit the right person to handle the everyday needs of your facility. Whether your facility needs a registrar who can assist with tumor boards, cancer committee, departmental meetings, case abstracting and follow-up H.I.M. ON CALL, Inc. will be there. We want our clients to feel at ease knowing that H.I.M. ON CALL, Inc. has their best interest first.

Quality Assurance

Case Finding QA: To ensure that all cases have been captured with the cancer registries current case finding systems, H.I.M. ON CALL, Inc. can perform case finding QA to validate that current methods are efficient or identify problem areas and offer suggestions. This tool is especially helpful for state reporting facilities.

Abstracting QA: Targeting abstracting backlogs are the focal point in hiring outsourcing companies. Along with meeting your state and federal reporting requirements, hospitals want to be sure that outsourced abstracting are detailed and accurate. Compared to other companies who allow registrars to submit cases for quality review, H.I.M. ON CALL, Inc. has the capability of randomly selecting multiple cases for quality review. This is the best way to ensure that your facility's money is being well spent. The QA process will be performed during the duration of the project. Those abstracts that fail to meet the requirement of the facility will be returned to the registrars for correction. For all new projects, all records are subject to 100% QA for the beginning two weeks to ensure that all data requirements have been met by our abstractors.
